PROFESSIONAL SUMMARY

Junior Software Developer focused on Backend and Full Stack solutions. I have a solid technical background and practical experience building corporate applications using the **Java ecosystem (Spring Boot)** and relational databases.

My 8 years of previous experience in sales provided me with professional maturity, excellent communication, and business acumen, facilitating the bridge between client needs and technical solutions.

TECHNICAL SKILLS

Back-end: Java 17, Spring Boot (REST, MVC), JPA/Hibernate, REST APIs, Node.js
Databases: PostgreSQL, MySQL, JDBC, Advanced SQL
Front-end: JavaScript, React.js, HTML5, CSS3, Tailwind
Tools: Git, Maven, Docker, AWS (Foundations), Scrum/Kanban
Languages: English (Technical Documentation Reading)
