## PROFESSIONAL SUMMARY

Junior full-stack developer. A machinery and equipment salesperson since 2017, I built Vardão Central, the system the store where I work uses every day at the counter, in sales, finance and inventory (over 2,000 automated tests). Technical course in Systems Development and a Computer Science bachelor's degree in progress. I am looking for my first professional opportunity in software development.

## TECHNICAL SKILLS

**Back end:** Java, Spring Boot, Spring Security, Node.js, Express, TypeScript and REST APIs

**Front end:** React, TypeScript, JavaScript, HTML5, CSS3 and Tailwind CSS

**Data and architecture:** PostgreSQL, MySQL, Prisma, Firebase, Supabase, RabbitMQ, Docker, microservices and WebSockets

**Tools and practices:** Git/GitHub, Postman, Scrum/Kanban, automated testing (Vitest and Playwright) and business-rule modeling

## SELECTED PROJECTS

**Vardão Central (formerly CogniVault): the store's system** Case study | Application

*React, TypeScript, Node.js, Express, PostgreSQL, Prisma, RabbitMQ, Playwright. Work project, private code.*

- Used every day at an authorized Husqvarna dealer: counter (exact-code search, exploded view, quotes by PDF and WhatsApp), CRM, finance (income statement, cash flow, working capital) and inventory.
- Old ERP migration checked to the cent: 1,107 automatic comparisons against the ERP's own functions. Over 1,400 back-end tests, over 600 front-end tests and 70 end-to-end tests.

**Industrial IoT Platform** Case study | Application | GitHub

*Java, Spring Boot, React, RabbitMQ, WebSockets and Python*

- Real-time machine telemetry: Java API, queue, Node gateway and React dashboard with alerts.
- Automated tests in all four services (including against a real PostgreSQL), CI on GitHub with Docker and security scanning, access roles and a documented API.

**BusinessFlow** Application | GitHub

*React, Node.js, PostgreSQL and Prisma*

- SaaS for small businesses with CRM, scheduling, finance, services, reports and indicators.

## PROFESSIONAL EXPERIENCE

**Vardão Máquinas | Salesperson** Sep 2020 - present

- I built Vardão Central, which standardizes the store's quotes, set up a CRM to track customers and leads, and created a parts orders and inventory system.
- Consultative sales of Husqvarna equipment (garden, forestry and family farming), purchasing, inventory control, maintenance and support to finance.
- R$ 200 thousand in sales in 30 days, managing high-value negotiations.

**Yamashita Tratores | Stock assistant and attendant, then Salesperson** Oct 2017 - Sep 2020

- Stock assistant and attendant (Oct 2017), promoted to salesperson in Nov 2017, where I stayed until Sep 2020.
- Consultative service and technical sales of farm machinery.

## EDUCATION

**Bachelor's in Computer Science** | Anhembi Morumbi University — Expected: 10/2028

**Technical course in Systems Development** | SENAI — Completed: 2024

## ADDITIONAL COURSES

Java Programming - SENAI, 120h (2022) | Database Programming - SENAI, 120h (2024) | Computer Science, Harvard in Brazil - Fundação Estudar, 70h (2025) | AWS Cloud Practitioner Foundational - SENAI, 40h (2022) | AWS Academy Cloud Foundations - Amazon Web Services (Nov 2022) | AI-900, Azure AI Fundamentals - Fundação Bradesco, 16h (2025)

## LANGUAGES

English: pre-intermediate, improving
